

Hi,
My name is Michael and I came on the Villanova Year 11 Helidon camp this week, and I just wanted to express my own personal gratitude and thanks to all the members of staff involved in the camp which made it by far my favourite camp that I have ever been on. The memories and friendships that you helped to create will stay with me for the rest of my life and I just wanted to make sure that you all knew just how much I appreciated it.

I also wanted to thank Lynda in particular because without her encouragement, reassurance and leadership then I would not have been able to complete Escape from Colditz and Tunnel rats of Vietnam. I was really worried about having to do those two activities because they were both in a small space and to top it off they were in the dark, or at least darker than all the other activities (excluding the night walk that is) but from the overwhelming faith, encouragement and reassurance from Lynda and the rest of Charlie Company I was able to complete those activities and it is an experience that will most certainly stay with me for the rest of my life, and something that I can look back on and tell myself; I felt the fear, and I did it anyway.

To all the other members of staff I would just like to once more thank you for making this camp an amazing experience and making it a camp that I will never forget.
